ROLE OF BASIC

The role of an BASIC at Bundelkhand University in creating an effective ecosystem for startups and entrepreneurship is multifaceted and crucial. Here are several ways in which such a center can contribute:

1. **Providing Infrastructure:** The Incubation Center can offer physical space equipped with necessary amenities like office space, meeting rooms, internet connectivity, and other facilities required for startups to operate efficiently.
2. **Mentorship and Guidance:** Experienced mentors can provide guidance and advice to budding entrepreneurs, helping them navigate challenges, refine their business ideas, and develop viable business models.
3. **Access to Funding:** The center can facilitate access to funding sources such as venture capital, angel investors, government grants, and crowdfunding platforms, which are essential for startups to scale their operations.
4. **Networking Opportunities:** By organizing events, workshops, and networking sessions, the Incubation Center can connect entrepreneurs with industry experts, potential collaborators, investors, and customers, fostering collaboration and knowledge sharing within the startup community.
5. **Skill Development:** Offering training programs, workshops, and seminars on various aspects of entrepreneurship, including business planning, marketing, finance, and legal compliance, can help entrepreneurs acquire the skills and knowledge necessary to succeed in the competitive business landscape.
6. **Technology Transfer:** Collaborating with research institutions and industry partners, the Incubation Center can facilitate the transfer of technology and intellectual property from academia to startups, enabling them to develop innovative products and services.
7. **Market Validation:** The center can assist startups in validating their ideas and testing their products or services in the market through pilot projects, beta testing, and market research, helping them refine their offerings based on real-world feedback.
8. **Policy Advocacy:** By engaging with policymakers and advocating for policies that support entrepreneurship, innovation, and startup growth, the Incubation Center can help create a conducive regulatory environment for startups to thrive.

Dear Sir/Ma'am,

Greetings from the National Skill Development Corporation (NSDC), New Delhi.

The Ministry of Skill Development & Entrepreneurship (MSDE), Govt. of India, is implementing the flagship skill development scheme of Government of India - Pradhan Mantri Kaushal Vikas Yojana 4.0 (PMKVY 4.0).

With the roll-out of the National Education Policy (NEP) in 2020, there has been a renewed focus on vocational skill training imparted by schools and higher education institutes, thus integrating mainstream academics with practical vocational skill training.

As per demand submitted by your college under PMKVY4 Bundelkhand University has been allocated **240 targets** for implementing training under PMKVY4.0.

We are starting handholding initiatives through capacity building workshops in parallel for the benefit of all participants. A schedule of such workshops shall be shared with you upon receiving your willingness and Job Role wise demand. Some key highlights in terms of scheme contours, course offerings, etc. is shared below for your ready reference. You may like to write to skillhub@nsdcindia.org and @Karthik Nair for any queries.

Regards,

PMKVY 4.0 Target Allocation Team
